General Membership Meeting Minutes Condensed

Approximately 30 people attended the Northwind Natural Foods Co-op annual GMM which was held September 24 at the Ironwood Senior Citizen's Center and started with a delicious pot luck dinner.

The meetings was called to order by President of the Board of Directors, Terry Dunham, who welcomed everyone and then thanked numerous volunteers, helpers, and friends for all the dedicated help and service to the co-op throughout the past year.

Terry went on to say that the membership had reason to celebrate today since it was a year of change, growth, challenge and success.

1. The co-op moved to a larger, brighter store last November.

2. Sales, volume, and advertising are all up.

3. A product policy committee was started, chaired by Larry Sands.

4. Jody DeCarlo was hired recently due to increased sales, volume and work in the store.

Terry then asked Larry Sands, BoD VP, to say a few words. He discussed the possibility of buying the building that the co-op is currently occupying. The philosophy and goals of the Product Policy Committee were shared, and finally Larry requested some assistance with creating the newsletter including: submitting articles, typing, editing, advertising, or other aspects of the newsletter.

Roger Margason then gave his Store Manager's report. He feels the co-op is now a "different co-op," not better or worse. He requested more input on how

to make the co-op better. Since we are growing and improving he pleaded with the membership to, "please, please consider getting on the Board."

Tim Feldt, Treasurer, gave his financial report. A hand-out reviewed and compared the co-op's assets, liabilities, and stock holder's equity. With this year's profit, the co-op may look at purchasing a new cooler, freezer, computer, or scale and printer. In summary, the co-op is doing very well financially.

Board elections were held with Debi Toth and Jeanean Santini elected to two year terms.

There were ten proposed changes to our Bylaws considered by the membership. Four of the changes were approved, with the most notable being an increase in the "to join" fee to \$10.00. (The annual renewal fee, at \$5.00, remains the same as in the past.)

The meeting was adjourned at 3:30 pm.

'Tis The Season . . .

And it seems to always come as a surprise that it's arrived so soon. Actually it's a lot of seasons: the season to renew your membership if you've not already done so (we need your support now more than ever); the hunting season, the Thanksgiving season, the Winter season and, of course, the Christmas season.

We're doing our best this year to help make things easier (and a little less expensive) for you and your family; there are lots of general sale items throughout the store as well as some great Members Only specials that save you 20% over the regular price. The full line of Brush Dance Christmas cards, for example, is available to members at 20% off. There are also great buys on spices, saffron, and grocery items. We've got some special gift ideas for you, too. Come in and see for yourself.

Over the past few years, your co-op has been taking an increasing interest in actively participating in community affairs, and we'll be an integral part of downtown Ironwood's holiday events. You're invited to come and be part of the celebration. (And don't forget that the store needs volunteers for a wide range of projects, many of which can be easily arranged around your busy schedule. Why not make an early New Year's resolution to become more actively involved in the operation of your co-op? You do own the place, you know.)

Northwind is continuing to grow, to change, and to seek new ways to serve the needs of its members. Come be part of it.

Rich color, pleasing texture and

great taste have given sweet potatoes, yams, and pumpkin their delicious reputation. These versatile vegetables are packed with fiber, vitamins, minerals, including vitamin A, vitamin C, calcium, iron, potassium, niacin, and beta carotene. The recipes below (next page) make a hearty, healthy dessert or accompaniment for any holiday meal and combine and abundant, seasonal vegetable with the co-op's fresh, pungent spices. For either of these recipes, you may substitute pumpkin, winter squash, sweet potatoes, or yams for the vegetable called for.

Enjoy!! --Zona

Native American Healing Herb

There are healing properties of herbs that are effective. Herbs are powerful for healing but must be used appropriately.

Echinacea is an immune booster that was introduced by the Native Americans of the Great Plains. They used echinacea for snake bites and other skin wounds and applied the root for toothaches and sore throats. It is said that echinacea will help fight bacterial and viral infections and also help to shorten the duration of colds and flu.

1 t. ground cinnamon
1/2 1/2 t. ground ginger
1/4 t. ground cloves

(2 t. pumpkin pie spice can be used for cinnamon, ginger & cloves)

1 Cup yogurt
1/2 t. Vanilla

Blend filling ingredients with beater or blender. Pour into pie crust. Bake at 400 for 45 to 55 minutes, or until knife inserted halfway between center and edge crust comes out clean. Cool on rack.

Newsletter Ads

To help cover newsletter expenses we are accepting a limited number of small business ads for the newsletter. We hope there will be support for the newsletter from co-op members who have their own businesses or professional services. The cost is very low at only \$10 for a business card size ad. Contact Larry Sands to place your ad.

Curry Powder

Many people are surprised to find out that curry is not a spice but a combination of many different spices. Whether it is hot or mild depends on how many chilies are added to the mix; its color comes from the turmeric.

The following blend can be used in any recipe calling for curry powder. Make a large batch and package it in small jars or bags to give to friends at Christmas. All ingredients are available at Northwind.

1/2 cup coriander seed or powder
1 to 15 dry red chili pods
1 1/2 tsp. cumin seeds
1 1/2 tsp. mustard seed
1 1/2 tsp. fenugreek seed
1 1/2 tsp. black peppercorns
3 Tbl. turmeric powder

Mix the whole spices in a blender or spice mill & grind to a fine powder. Stir in the turmeric.

For a Sweet Curry seasoning use this same recipe but add:

1 1/2 tsp. ground cinnamon
3/4 tsp. ground cloves
